Strategic Questions about Your Business

1. Could my business get more business from the Home Improvement market in my county?
2. How many of the hundreds of homes that go up for sale in my county each month need to be upgraded?
3. How many homes sold each month in my county will need to be upgraded by the new owner?
4. How many of the hundreds of real estate agents in my county refer my company to their clients?
5. Would it increase my sales to have the hundreds of local real estate agents handing out information in print and the Internet about my business to their property sellers and buyers?
6. Am I satisfied with the current Image, Message Content and Distribution of my business's marketing materials?
7. What would be the cost to my business to:
 - up-grade the effectiveness of my marketing materials?
 - capture an exclusive presence for my business in the Home Improvement market in my county?
 - enlist the help of hundreds of real estate agents in my county to exclusively promote my company's goods/services to the majority of property sellers and buyers who are planning home/property improvements?

If your answer "Yes" to any ONE or more of the above questions, then you should consider taking a closer look at working with Premier Property Maps.

PPM can deliver ALL of the above benefits, in your city/county, for a year, for less than the cost of professionally designing a letter-size pamphlet.
